

Dear customer,

Thank you very much for being a regular user of MINON AminoMoist products.

Demand for MINON AminoMoist Moist Charge Milk has greatly exceeded our expectations. Because of this, conventional containers alone are not sufficient. For a limited time, we will offer three different containers.

The contents and volume of the product will not change.

Thank you for your patience at this time.

[3 types of containers]

- 1) Conventional pump & bottle
- 2) New pump & conventional bottle
- 3) New pump & bottle
